DETAILED ACTION

1. It is hereby acknowledged that the following papers have been received and placed of record in the file: Amendment dated July 22, 2005.
2. Claims 1-11 are presented for examination.

Specification

3. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

The following title is suggested: -- MICROCONTROLLER WITH CONFIGURABLE PIN FOR OUTPUTTING CLOCK OR DATA SIGNALS --

Claim Objections

4. Claims 2, 5-6, 9-11 are objected to because of the following informalities: "a clock signal" should be "the clock signal". Appropriate correction is required.

Allowable Subject Matter

5. Claims 1-11 are allowed.
6. The following is an examiner's statement of reasons for allowance: the claims are allowable because none of the references cited, either alone or in combination discloses or renders obvious a microcontroller of claim 1 and a system of claim 7, "comprising a first switch, enabled in a predetermined system mode, for transmitting an internal signal of the microcontroller to the clock output pin for using the clock output pin... a second switch... disabled in the predetermined system mode... a second clock generating means for providing a clock signal to the microcontroller through the clock input pin in the predetermined system mode".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

7. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

Conclusion

8. This application is in condition for allowance except for the following formal matters:
The title and claims 2, 5-6, 9-11 need to be amended to overcome the objections as indicated above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
